

Hello!

I have had a few people ask about Divisionals. I attached the entry letter which has days of events and the qualifying times and cost. You can still qualify for Divisionals this weekend, but you have to have the cut time in order to attend the meet.

The meet works by everyone 11 and over swims in the morning.

If you finish in the top 16 you come back to swim at night in the finals!

If you are 10 and under you swim in the middle session.

They only swim once.

There are no relays at Divisionals.

IF you have an event that you would like to go after this weekend please email it to me today.

You do not have to make a qualifying time for Y State. We would love for EVERYONE to come. Everyone only swims their events once at Y State either in the morning or in the afternoon. I do not know yet which age groups swim when, but it will be like a regular two day meet. (three day meet for the older kids that want to swim a distance event on Friday night)

I hope this helps!

Thanks!

Katie
